origins of EASTER TRADITIONS

Easter is a religious celebration of the resurrection of Jesus. It is Christianity's oldest and most important holiday. Although the resurrection was likely celebrated before then, the first recorded observance took place in the 2nd century.

The tradition of painting and decorating Easter eggs began in the 13th century, when churchgoers were prohibited from eating eggs during Holy Week, but decorated eggs that chickens laid during that week.

The Easter rabbit originated in the 17th century and gained prominence in the 19th century. In Switzerland, it was a cuckoo that brought Easter eggs, and in Westphalia, it was a fox.
