The book is divided into two parts. The first part provides a theoretical overview of performance and media taxonomies. This section discusses the different types of taxonomies, their strengths and weaknesses, and how to choose the right taxonomy for your needs. The second part of the book provides practical guidance on how to use taxonomies to improve your performance and media management.

This book is an essential resource for anyone who wants to stay ahead of the curve in the rapidly changing world of performance and media. It is a must-read for professionals in a variety of fields, including:

- Marketing
- Communications
- Education
- Healthcare
- Nonprofit

With its clear and concise writing style, *Performance and Media Taxonomies for Changing Fields* is an invaluable resource for anyone who wants to improve their performance and media management.
