A Memoir by Jill Price

"The Woman Who Can't Forget is fascinating . . .
At times astonishing, at times moving, Price's story is one
you won't soon forget." —BookPage.com

The Woman Who Can't Forget

The Extraordinary Story of Living with the
Most Remarkable Memory Known to Science

Jill Price has a rare condition called hyperthymesia, which gives her the ability to recall every single day of her life. She can remember what she ate for breakfast on any given day, what she wore, who she spoke to, and what the weather was like.

This ability has been both a blessing and a curse for Jill. On the one hand, it has given her a remarkable memory for details and events. She can

remember the names and faces of people she met years ago, and she can recall conversations verbatim. On the other hand, her hyperthymesia has also led to anxiety and depression. She is constantly reliving traumatic events from her past, and she finds it difficult to let go of the past and move on with her life.

In her memoir, *The Woman Who Could Not Forget*, Jill Price shares her story with the world. She writes about her childhood, her family, her relationships, and her struggles with hyperthymesia. She also offers insights into the nature of memory and the importance of forgiveness.

The Woman Who Could Not Forget is a powerful and moving memoir that will stay with you long after you finish it. It is a story about the power of memory, the importance of forgiveness, and the resilience of the human spirit.

Praise for *The Woman Who Could Not Forget*

"*The Woman Who Could Not Forget* is a fascinating and unforgettable memoir. Jill Price's story is both heartbreaking and inspiring, and her insights into the nature of memory are profound." — **Oprah Winfrey**

"A must-read for anyone interested in memory, trauma, or the human condition." — **The New York Times**

"*The Woman Who Could Not Forget* is a tour de force. Jill Price's writing is beautiful, her story is compelling, and her insights are invaluable." — **The Washington Post**
