But what is it like to hear the story of the Titanic from the voices of those who were there? In her new book, *Voices Of The Titanic*, author Jessica Fellowes has collected the firsthand accounts of survivors, witnesses, and experts to create a haunting and unforgettable chronicle of the Titanic's fateful journey.

Fellowes' book is divided into three parts. The first part tells the story of the Titanic's construction and launch. The second part chronicles the ship's

fateful voyage, from its departure from Southampton to its collision with the iceberg. The third part tells the story of the survivors, and the aftermath of the disaster.

Throughout the book, Fellowes uses the voices of those who were there to bring the story of the Titanic to life. We hear from survivors who recount the terror and confusion of the sinking. We hear from witnesses who saw the Titanic from afar, and from experts who have spent years studying the disaster.

The result is a book that is both heartbreaking and inspiring. It is a story of tragedy and loss, but it is also a story of courage and resilience. *Voices Of The Titanic* is a must-read for anyone interested in this iconic disaster.

### **Praise for *Voices Of The Titanic***

"A haunting and unforgettable chronicle of the Titanic's fateful journey." -  
The New York Times

"A must-read for anyone interested in this iconic disaster." - The  
Washington Post

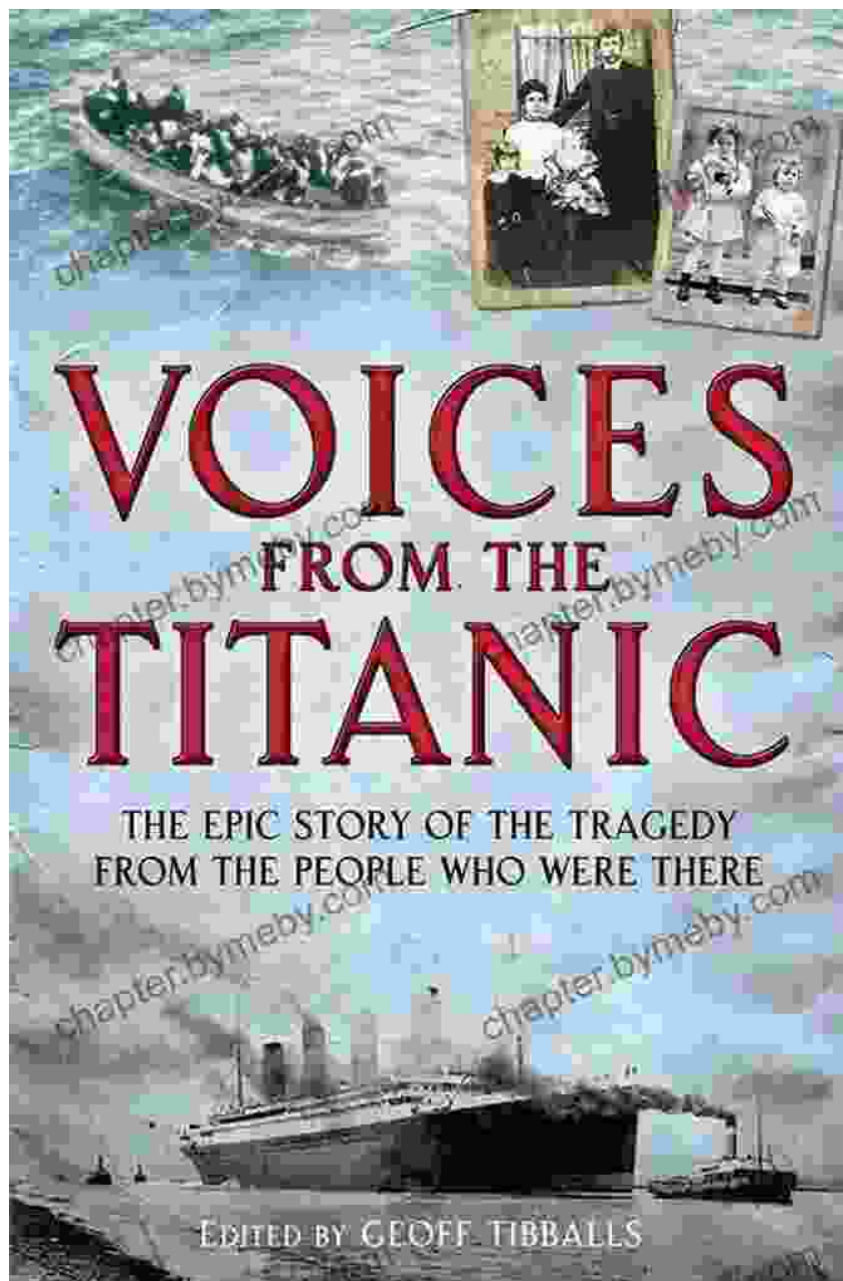

"Fellowes has created a masterpiece of maritime history." - The Wall Street  
Journal

### **About the Author**

Jessica Fellowes is a British author and journalist. She is the author of several books, including the bestselling *The Mitford Murders*. Fellowes is a direct descendant of William Thomas Stead, who was a passenger on the Titanic and died in the sinking.
